Blue Cross Blue Shield Global brings together two of the biggest, most trusted brands in international healthcare: Bupa Global and Blue Cross Blue Shield through solutions provided by GeoBlue.

Blue Cross Blue Shield Global Traveler™ from GeoBlue provides supplemental medical benefits for business travelers when outside of their home country. GeoBlue gives members confidence that wherever and whenever they need it, they can access quality care from the strongest global networks while supported through exceptional service and world class healthcare.

Strongest Global Network

Members outside the U.S. have access to the GeoBlue provider and physician network complemented by Bupa Global's extensive reach, with the result that care is available and accessible wherever members need it.

Members coming into the U.S. have access to the Blue Cross Blue Shield network, the largest PPO with the deepest discounts. These global solutions provide members with the comfort of home, when they are far from it.

Exceptional Service

From the onset, we've focused on combining technology with exemplary service to make accessing healthcare as simple as possible. We want both our members and plan administrators to be able to concentrate on their business, knowing we have their health concerns covered.

Our multi-lingual customer service team is available 24/7/365 to assist our members with locating network providers, accessing care and addressing health concerns. Through the balance of live support and sophisticated mobile and digital tools, we empower our members and administrators to stay in control.

Our Global Health and Safety services allow employees traveling on assignment to experience case management support when handling unexpected or urgent situations from diagnosis to recovery. This includes assistance with making treatment decisions and coordinating evacuations when necessary.
